Chairman

SUBJECT: SCI Denials Working Group Report on

SECOM-D-423 dated 22 December 1978

We did not address at the 24 January Security Committee meeting the proposed DCID 1/14 Appeals Procedure. Rather than delay this matter further, it is requested that you provide your concurrence or comments to the Committee Staff by 9 February. They will be compiled and provided to you with a vote sheet. Perhaps in this way we can resolve this matter in a timely fashion.
